## FOOD SECURITY IN HANCOCK COUNTY

Miles for Meals is a project of the Hancock County Food Drive: a month-long fundraiser and food collection event that is raising \$50,000 for 19 food pantries, free meal programs, and school backpack programs in Hancock County. These organizations are working together to provide critical assistance to Mainers during a time of year when food insecurity rates are at their highest.

Maine is the most food insecure state in New England. In Hancock County, more than one in six children live in food insecure households. By building resources for food assistance programs, the Food Drive helps to ensure that all people in our community have access to nutritious, affordable food.
